Kids U Rooming Requests

Please make as many copies of this form as you need. Each child attending Kids U must be listed on this form. The ratio requirement for Kids U is one adult to 6 children (of the same gender). The goal in assigning rooms is to keep the entire group (of the same gender) together. However, in the case that this is not possible, it is important that you submit your rooming requests as laid out on the form (1 adult per 6 children). We will do our best to meet each request, and appreciate your understanding.
