Kids U Staff Information

Adult Staff

Staff Name	Age	M/F

I understand that all adult staff attending Kids U must undergo a screening process. By writing the names above, I am stating that each person has undergone the screening process prescribed by my local church which includes, but is not limited to, either fingerprinting or a background check. I also understand that the omission of any staff members' name(s) is strictly prohibited. In the event that there are any staff changes, I will immediately submit the name(s) to the Children's Ministries office, along with a written statement verifying screening. I understand that violation of this policy, could result in the dismissal of both the staff person and myself from the event.
