

Tips for Effective

Teaching

- **Repeat!** - Identify key truths that need to be repeated on a regular basis. *What do you want to ensure will never be forgotten?*
- **Engage!** - Be intentional about the words, stories, objects and tools you use to keep your audience listening. *How are you going to keep their attention?*
- **Relate!** - Tell a personal story that shows kids your own struggles, show them that you are a real person who deals with real issues just like them. *What can you model for them?*
- **Apply!** - Give them a clear idea of what to do with what they learned. *What do you want them to do when they leave?*
